LPA762 provides small workspace footprint for the LANpoint 7 Data Collection Terminal.

LPA762 contains these components:

- Optional: do not perform if intending to bolt-down the terminal. Peel & place rubber feet on bracket.
- If terminal has nylon waterproof screws on its sides, remove them (4 places).
- Insert two bolts & washers in center pivot hole, and insert thumb wheels & washers in swivel slot.

Finished: swivel terminal to most comfortable viewing angle.

CONTENTS, LPA762:
- "U" mounting bracket, pivot bolts [2], thumb wheels [2], washers [4], rubber feet [4], installation instructions.
